

Cooling the World...

Key Benefits

- **Asset protection provided**, with unique in-built voltage stabilizer offered on selective models.
- Industry leading high-capacity refrigeration system, **with uniform cooling**.
- Proven **low life-time cost** with durable design & simple maintenance/service requirements.
- Slide out condensing unit for **ease of service**.
- Visually stunning design to optimize product visibility, **increasing sales**.
- Anti-condensate air flow on glass door for **better visibility** in extreme humid conditions.
- **Ozone friendly** equipment using CFC free refrigerant gas and CFC free PUF insulation.
- **Exceeds** Coca-Cola Class 'D' performance requirements.
- **Security features**, including padlock provision.

TECHNICAL SPECIFICATION OF 'D' CONDITION SEAGA VISI COOLER

MODEL	SVC40	SVC70	SVC100
Dimensions (WxDxH) mm	460x545x1280	595x630x1455	595x675x1725
Inside Temperature	2°C - 8°C	2°C - 8°C	2°C - 8°C
Capacity (Ltr.)	140	270	345
Bottle (300 ml.)	96	168	240
Shelves Plastic Coated Steel Wire (Adjustable)	3 Nos.	3 Nos.	5 Nos.
Power (Watts)	260	350	560
Refrigerant	R-134a	R-134a	R-134a
Canopy Display	No	Yes	Yes
Can (330 ml.)	145	252	336
Pet Bottle (500 ml.)	75	126	182
Paint	Powder Coated	Powder Coated	Powder Coated
Door	Double Insulated Glass - self closing	Double Insulated Glass - self closing	Triple Insulated Glass - self closing
Voltage Supply	230 V - 50 Hz	230 V - 50 Hz	230 V - 50 Hz
